DETAILED ACTION

1. This communication is in response to the decision of the Board of Patents Appeals dated September 28, 2006. Claims 1-24 are pending in this application.

Allowable Subject Matter

2. The following is a statement of reasons for the indication of allowable subject matter:

3. The prior art of record (Barber et al US Pat. No. 6,349,288) teaches a system for implementing payments for access to pay-per-view information offered on the Internet. The system includes elements to collect payment for access to the pay-per-view information and a refund of the payment in case a consumer requests and is granted a refund. The system also includes elements that provide for compensating an advertiser for advertising pay-per-view information provided by an information vendor and for recovering the compensation in the case of a refund.

Even though, the prior art of record teaches a system for performing the above mentioned steps, the prior art of record fails to teach a method for facilitating electronic refunds in an online commercial transaction, comprising the steps of upon receipt of the request to refund, the payment computer accounting for the cost of the at least one of the corresponding ones of the items in the refund account and crediting the vault with the cost of the at least one of the corresponding ones of the items thereby effectuating a

refund to the buyer, as discussed on pages 2-3 of the decision of the Board of Patents Appeals dated September 28, 2006. For these reasons claims 1, and 13 are deemed to be allowable over the prior art of record, and claims 2-12, and 14-24 are allowed by dependency.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled Comments on Statement of Reasons for allowance.
